Q° ABOUT

Nature is one of the most spectacular creation, full of inspirations and meanings. Luxury, on the other hand, is an embodiment of nature's gifts in a sophisticated and premium form. Shreeradharaman marbles is where the culmination of nature and luxury happens. It's where the world's finest and rarest stones are given shape and finish to make your surroundings a spellbinding experience.

Always at the forefront of innovation and design we have incorporated Canvas Collection. Our collective memories of geometry classes gone by might be a bit cloudy now, but interesting shapes in a design plan are altogether au courant

More subtly, this collection aspires to a simple but broad range of compelling geometrically inspired 3D that includes both marble and granite. This patterning inherently draws the eye and makes any space a bit more intriguing. Classic examples of canvas collection with geometric patterns are the Graphite black bloom, Wonder white ellipse, Fantasy black mini bloom and Fantasy black pentagon.

Canvas Collection is a sign of company's contemporary spirit keeping up with latest geometrical and decorative interpretations.
