OCEAN BLACK

SHEER RAW LUXURY

A PIONEER IN REDEFINING NATURAL STONE,

Ninety Degree Stone is an amalgamation of cutting-edge technology and nature's best creations.

Choose from 200+ natural stones with 100+ unique surface finishes – each one a stunning piece of natural art.

- Weather-proof, heat-resistant and impervious to water, stains and bacterial growth.
- Available in revolutionary 6mm, 10mm, 20mm and 30mm thick slabs.
- Extremely hard and durable slabs.

NATURAL MADE WAY MORE SENSATIONAL & FUNCTIONAL

- Ocean Black Phyllite is the epitome of sophisticated elegance. Commonly preferred as flooring, kitchen & vanity tops, facade, the versatile textured Ocean Black slabs crafted by us are stretching the horizons of creativity.
- Perfectly capturing the unfiltered essence of nature, the finishes transform your living space. Find the finish that speaks to you and swathe your space with its sheer magnetism.

ART THAT ENDURES

Ocean Black is a non-porous, 'Rock Solid' stone that is incredibly inert. Which is why, it is also extremely resistant to weathering and chemical reactions. The stone is remarkably durable and remains unaffected by extreme temperature changes. It never loses its luster, not even in UV light.

PERFECTION PERSONIFIED

Before coming to you, Ocean Black goes through an extensive series of stringent tests which, all put together, ensure its conformity to American (ASTM) and European (EU) standards.

Properties that make Ocean Black one of the finest Phyllite stones in the world

Test	Test Values*	Protocol
Modulus of Rupture, N/mm 2	Dry-42 Wet-34	ASTM C-120
Compressive Strength, MPa	Dry-143 Wet-138	ASTM C-170
Flexural Strength, MPa	Dry-48.04 Wet-37.95	ASTM C-880
Slip Resistance Value, SRV	Dry-56 Wet-28	EN-14231
Water Absorption, % by wt	0.09	ASTM C-121
Bulk Specific Gravity	2.80	ASTM C-97
Abrasion Resistance	13	ASTM C-241
MOH Scale	3-4	IS-13630
Freezing and Thawing, 50 Cycles	No visible defects observed	ASTM C-67
Salt Crystallization, (mass loss%) 15 Cycles	0.06	EN-12370

*Samples provided for testing may not be representative of the whole quarry.
Customers are advised to get the stone tested to assure its suitability for desired applications.

STYLE MEETS SUBSTANCE

Virtually no water absorption ensures high stain resistance and low maintenance.

Due to its high compaction and hardness, large slabs are available without fissures and cracks. Ocean Black is also highly abrasion resistant.

A combination of the above strong properties makes this stone extremely favorable for exterior use.

UNLIMITED POSSIBILITIES

Ocean Black is available in a variety of sizes, be it slabs, tiles or cut to order. This ready to use, customized stone simply presents you with endless possibilities of designs and looks. Go ahead and enjoy the advantage of using various combinations of different sizes and finishes to create unique designs.

USE OCEAN BLACK THE WAY YOU LIKE IT

Ocean Black comes in natural grey and black color, but different surface treatments can alter the appearance depending on the chosen finish. It can be used for various applications including:

- Interiors (Flooring & Cladding)
- Exterior Paving
- Exterior Cladding (Dry & Wet)
- Roofing
- Landscaping
- Swimming Pools and Decks
- Counter and Vanity Tops
- Window Stools and Sills
- Fire Places
- Decorative Stone

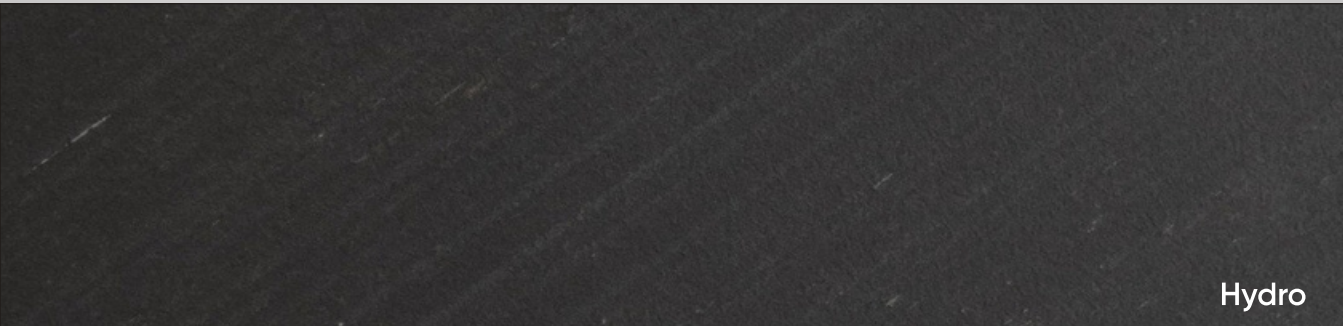

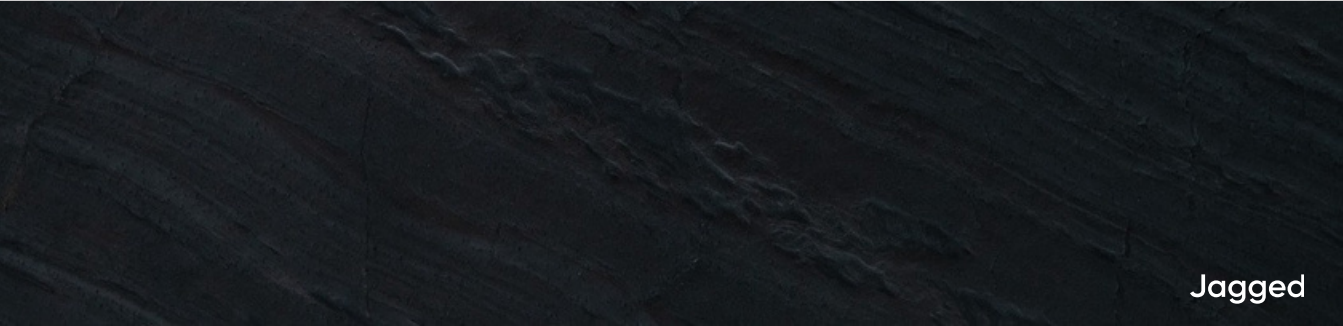

ENJOY ALLURING FINISHES**

Jagged – A velvet touch, textured finish that emanates the beauty and elegance of an antique object. The beauty of its deep sheen makes it suitable for interior & exterior cladding, flooring, table and bathroom tops.

Fine Rubbed – A soft-to-touch finish, ideal for flooring, cladding, table and bathroom tops. Its smooth surface without any reflection offers a non-slippery finish with enhanced colors.

Rustic – Its rustic surface with an irregular pitted finish results in a unique look that is a fine blend of the contemporary and the traditional. Besides, its non-slippery surface makes it perfect for stairs, wet areas and exterior paving.

Hydro – Feel the raw, natural texture of the rock and feast your eyes on the sparkling vibrance with the exquisite Hydro finish. This enchanting surface ideal for interior and exterior wall cladding is created by utilizing the power of water.

**Ocean Black being a natural stone, there can be a variation in color and shades
